

**Department and function:**

Associate Professor, Virology

Education:

- 1990 PhD in Biology (Genetics), Eberhard Karls-University Tübingen
- 2002 Habilitation in Experimental Virology, Ludwig Maximilians-University München

Positions:

- 1991-1994: Postdoc at the Department of Virology, University of Ulm and Department of Haematology and Oncology, University of Freiburg
- 1995-2001: Research Group Leader at the Department of Virology, University of Heidelberg and at the Max von Pettenkofer-Institute Ludwig-Maximilians-University München
- 2001-2004: Leader of the Virus-Cell-Interaction Unit at the Medical Faculty, University of Halle-Wittenberg
- since 2005: Professor of Molecular Virology, Hannover Medical School

First name:**Martin****Last name:****Messerle****Acad. Title:****Prof. Dr. rer. nat.****Address:****OE 5230****Hannover Medical School****Phone and e-mail:****++49- 511- 532 4320****Messerle.martin@****mh-hannover.de****Further information:****[www99.mh-hannover.de/
institute/virologie/
home.html](http://www99.mh-hannover.de/institute/virologie/home.html)****Major research interests:**

Analysis of viral proteins involved in the interaction of herpesviruses with their host cells

Immunomodulation by herpesviruses

Development of viral vectors for gene transfer, vaccination and tumor therapy
