

**Education****College/University:**

1999 B.Sc. University of Indonesia, Indonesia

2003 M.Sc. University of Indonesia, Indonesia

Highest degree:

M.Sc. in Microbiology Medicine

Major Subjects:

Cell Biology, Embryonic Stem Cell

First name:**Andri****Last name:****Pramono****Date of birth:****21.08.1976****Country:****Indonesia****E-mail:****pramesyanti
@yahoo.com****Supervisor:****Prof. Karl Welte****Projects/Research:**

Analysis of Thrombopoetin function on hematopoetic differentiation in mouse embryonic stem cell

Scientific Interests and Goals:

My interest unravelling molecular mechanism of hematopoiesis in embryonic stem cell.

Hobbies and other interests:

Playing piano, watching movie.
