

**Education****College/University:**

2001-2003 University of Jammu, M.Sc in Biotechnology.

Highest degree:

M.Sc. in Biotechnology

Major Subjects:

Biotechnology

Projects/Research:

1. Construction and characterization of cDNA library of *Plantago ovata*.
2. Regulation of the turn over of mitotic cyclins and their role in the development of human malignancies.

Scholarships:

1. Awarded by DBT, India for selection in All India combined M.Sc. biotechnology program. (2001-2003).
2. Junior Research Fellowship (JRF) awarded by Council for Scientific and Industrial Research (CSIR), India.

Scientific Interests and Goals:

My main field of interest is cell biology and oncology, I want to study cell cycle and its regulation. I would consider myself to be successful in my ambition if I am in any way able to add to the knowledge that will ultimately help us to understand this fascinating area of biology.

Hobbies and other interests:

Music, Movies, literature, etc.
