

**Education:****College/University:**

1999-2004 University Hannover
since 2004 Medical School Hannover

Highest degree:

Dipl. Biochemistry

Major Subjects:

Biochemistry, Organic Chemistry, Pharmacology

First name:

Alexander

Last name:

Wolf

Date of birth:

14.03.1979

Country:

Germany

E-mail:

alex.plasmid
@gmx.de

Supervisor:

Prof. Kracht
Pharmacology

Projects/Research:

Analysis of the mechanism by which the yersinia enterocolitica virulence factor Yop.P inhibits host cell protein kinases

Scientific Interests and Goals:

to research the way like the virulence factor Yop.P can inhibit simultaenously several inflammation pathways

Hobbies and other interests:

climbing, hiking, canoeing, travelling by bike, chess, Music

Publications:

Tsikis D, **Wolf A**, Frolich JC. Simplified HPLC method for urinary and circulating creatinine. Clin Chem. 2004 Jan;50(1):201-3.
