

First name:

Hengameh

Last name:

Abdollahpour

Date of birth:

16.10.1979

Country:

Iran

E-mail:

**Abdollahpour.hengameh@
mh-hannover.de**

Supervisor:

**Prof. Dr. Christoph Klein
Pediatrics Hematology
Oncology**

Education

College/University:

1997-2005 Tehran University of Medical Sciences, school of Medicine

2005-2006 Department of Experimental Pediatrics Hematology and Oncology, Medical school of Hanover

Highest degree:

Medical Doctor (MD)

Major Subjects:

Medicine, Molecular Medicine and Cancer biology

Projects/Research

1- To study different functions of transcription repression factor **Gfi1** in Hematopoietic system

2- Identification of new genes and mechanisms, involved in severe congenital neutropenia

Award and Scholarship:

1- First rank award of provincial pre-university college, Iran 1997

2- Ranked 16th in the University Entrance Exam held by the Ministry of Science, Research and Technology in Iran.

3- Graduated from medical school with GPA: A+

Scientific Interests and Goals:

My aim is to identify new genes which are involved in congenital neutropenia and therefore understanding the mechanisms of myeloid system development comprehensively.

Hobbies and other interests:

Music, travelling, Movies, literature, etc.

Publications:

Necrosis of nasal cartilage due to mucormycosis in a patient with severe congenital neutropenia due to HAX1 deficiency.

Fahimzad A, Chavoshzadeh Z, **Abdollahpour H**, Klein C, Rezaei N.

J Investig Allergol Clin Immunol.2008;18(6):469-72

Novel HAX1 mutations in patients with severe congenital neutropenia reveal isoform dependent genotype-phenotype associations.
