

**First name:**

**Usriansyah**

**Last name:**

**Hadis**

**Date of birth:**

**28.08.1978**

**Country:**

**Indonesia**

**E-mail:**

**usriansyah@mh-hannover.de**

**Supervisor:**

**PD. Dr. Oliver Pabst  
Institute of Immunology**

## **Education**

### **College/University:**

1997-2002 Institut Teknologi Bandung, Indonesia, Bachelor of Pharmacy

2002-2003 Institut Teknologi Bandung, Indonesia, Professional Degree (Pharmacist)

2005-2007 Diamantina Institute for Cancer, Immunology and Metabolic Medicine, University of Queensland, Australia, Master of Philosophy in Immunology

### **Highest degree:**

M.Phil in Immunology

### **Major Subjects:**

Immunology

### **Projects/Research:**

The structural, cellular and molecular basis of intestinal tolerance

### **Scholarships:**

1. Institut Teknologi Bandung Academic Achievement Scholarship (1998-1999)
2. Unilever Top Student Scholarship (2000-2002)
3. Australian Government Scholarship (Masters Degree, 2005-2007)

### **Scientific Interests and Goals :**

My specific field of interest is studying the correlation between cytokines and chemokines and their interaction with T cells development, activation, trafficking and regulation which may be useful in targeting immunotherapy for the diseases. My big goal is to be able to contribute to global competition in science particularly in immunology.

### **Hobbies and other interests:**

Dance, Music, Movies, Traveling

### **Publications :**

Jie Zhong, **Usriansyah Hadis**, Rachel de Kluyver, Germain Fernando, Graham R. Leggatt, Ian Frazer, TLR 7/8 stimulation augments T effector mediated rejection of skin expressing neo-self antigen in keratinocytes, *The European Journal of Immunology*, *in Press*
