

**Education****College/University:**

2003-2008 Belarusian State University, Dipl. in Biology

Highest degree:

Diplom in Biology

Major Subjects:

Genetics

Projects/Research:

Molecular mechanisms of GATA1s-mediated transformation of hematopoietic progenitor cells.

Scholarships:

1. Stipend of the Belarusian State University (2003-2007).
2. Stipend of the Ruhr University, Bochum (09.2007-02.2008)

Scientific Interests and Goals:

My main interests lie in cancer biology and hematology. I am fascinated to study the interplay of factors, leading to normal or malignant hemopoiesis.

Hobbies and other interests:

Theater, literature, foreign cultures, psychology, camping, canoeing.

First name:

Alexandra

Last name:

Maroz

Date of birth:

28.12.1983

Country:

Belarus

E-mail:
